

Hosting Upgrade Appeal

Dear Visitor. The Tap has become increasingly busy and we can't stay online without your help. We need a hosting account upgrade to help cope with the increased activity and keep this free blog online. In this age of great change The Tap is a valuable independent resource where we can come together and share information the controlling parasites would rather we didn't have. Please help if you can and donate a small amount towards the hosting costs. Your donation will make a huge difference. Thank you in advance. [Click here to donate](#)

Editor, Health Impact News

A *Health Impact News* reader emailed me a link to a video published in 2019 by Pamela Dewey, who has a YouTube channel titled "Meet MythAmerica".

Since I have exposed much about America's past that contradicts the Conservative Christian views about America this year, he thought I would appreciate the work that Ms. Dewey has done to show the "other side" of how most Christians view America, and what led to Donald Trump's victory in 2016 when America's Christians were the driving force to put Trump in power.

Her videos have very few views, which means very few people have been exposed to her work.

I can testify myself that my own readership has greatly suffered in 2024, because I dared to contradict the Evangelical Christian majority, and the worship of their idols such as Donald Trump and Elon Musk.

But I believe that featuring Pamela Dewey's work, which I was unfamiliar with before today, is a most appropriate way to end 2024, as we look forward to 2025, and an encore performance by Donald Trump, mostly due to the Evangelical Christians in the United States, who have returned him to power.

The first video, which was the one shared with me by a *Health Impact News* reader, traces the history of Evangelical Christianity back to the 1950s, and even before that to just after World War II, showing how it was not a spiritual "revival" that catapulted the United States into an era of economic prosperity, but that it was the Globalists who used Christianity and shaped its values to justify their wealth and power.

Our regular readers will notice a parallel history of the 1950s and trying to justify the morality of America's richest families, to what is happening today, with the new Techno Christians who are doing almost exactly the same thing with the Silicon Valley billionaires. See:

The Techno Christians: America's Resurgence of Christianity for Millennials in the Technological Age

This is a fascinating video!

STRANGE BREW: Part 5: Manufacturing a Revival

Then, watch (at least) the first 9 minutes of the follow-up video, showing who the main Christians are who brought Trump to power in 2016.

STRANGE BREW: Part 6: Threading our Way Through History

These two videos are part of a larger series Pamela Dewey has published titled "Strange Brew".

I have not had a chance to watch the other videos in the series, but I do believe she lays the foundation of how Evangelical Christianity came to have the political power it has today in Part 5, and how this false belief in Christianity is used to create political conflict in the U.S. by pitting "conservatives" against "liberals".

As I wrote yesterday, if this nation is going to have any significant change for the better, we need to follow the Truth, wherever it leads, and be willing to let go of our national idols and the false belief that America is a "great country" that is favored by God.

This false belief is a Satanic one that is firmly rooted in Zionism, which rejects Jesus Christ as the Jewish Messiah and Savior of the world, and instead believes in the Satanic doctrine that one nation is greater than all other nations on earth today.

The fact that so many Evangelical Christians have embraced this Zionism Cult, shows the depths of the demonic deception currently engulfing the United States of America.

There is one, and ONLY one hope for America, and it is NOT Donald Trump or the Jewish State.

Jesus answered, "I am the way and the truth and the life. No one comes to the Father except through me." (John 14:6)

We are told the speed of light cannot be exceeded. What if that is wrong? What if Einstein was wrong and the theory of General Relativity is incorrect? Could that open up a whole new world of possibilities? In May 2025 **The Alternative View** returns to Glastonbury where Roger Anderton will be asking those questions and putting forward an exciting new model.
